realflame®

Rutherford

Disguised as a standard TV supporting mantel; with it's contrasting arched center panel, detailed recesses, and prominent profile - one would almost never guess that the Rutherford is hiding storage space for a multitude of media. A magnetically secured, flip down door easily opens to reveal A/V components, while hidden doors on either side of the firebox conceal almost 100 DVDs. The Vivid Flame Electric Firebox plugs into any standard outlet for convenient set up. The features include remote control, programmable thermostat, timer function, brightness settings and ultra bright Vivid Flame LED technology.

Finishes Available:

Dark Walnut (Above)
Dark Mahogany (Cover, Top left and below)
